## METTLER-TOLEDO Prize

The prizes for the best oral presentations on occasion of the SCS Fall Meeting 2006 are sponsored by METTLER TOLEDO AG, 8660 Greifensee. The organizers wish to thank Gulio Pe, METTLER TOLEDO for presenting the prizes.

## Polymer Group Switzerland

The Polymer Group Switzerland is holding its annual meeting within the Fall Meeting of the Swiss Chemical Society. We cordially welcome all members of this group.

## Career Center

In collaboration with the Jungchemikerforum, a career center will be established during the SCS Fall Meeting. The Human Resources Departments of several renowned chemical companies will be present.

## Jungchemikerforum

Young chemists can meet up in the Jungchemikerforum, the 'Nachwuchs' organisation within the Division of Chemical Research of SCS. Interested participants are invited to join. There will be an information desk.

## Information

**Admission:** This year the Fall Meeting of the Swiss Chemical Society is taking place together with the Annual Congress of the Swiss Academy of Sciences (SCNAT). All scientists are cordially invited to participate in this outstanding event. Therefore, admission will be free for the SCNAT Annual Congress and the SCS Fall Meeting for both members and non-members of the SCS.

**Students who are members of the SCS** can request reimbursement of their travel expenses on the basis of a round-trip train ticket to Zürich (2nd class, 1/2 fare) by sending a completed reimbursement form to the SCS central office along with their used train ticket. The form will be available at the registration desk of the meeting and can be downloaded from the SCS website (<http://www.swiss-chem-soc.ch/young/reimbursement.html>). For members traveling from abroad, only travel expenses within Switzerland will be covered (2nd class, 1/2 fare).

**Lunch:** Drinks, coffee and some snacks will be offered by the SCS in the vicinity of the poster session. A cafeteria and a restaurant are located next to the meeting venues.

**Coffee breaks:** Coffee and drinks will be available until 10.00 in the morning and a coffee break will be organized between 16.45 and 17.15, before the Paracelsus Prize presentation.

## Registration

Registration for the SCS Fall Meeting is only required for those presenting a scientific contribution. The Swiss Chemical Society bears the printing costs of CHF 200.- per abstract for their members. Therefore the publication of the scientific contribution (abstract) in CHIMIA is free if the presenting author (the author whose name is underlined in the abstract) is a member of the Swiss Chemical Society. Non-members will be asked to pay CHF 200.- to cover the printing expenses.

For registration as a new SCS member please see <http://www.swiss-chemistry.ch/org/member.html>

## Transportation

Although the University of Zürich-Irchel does have a large car park, travel by train is recommended. From the main station, the University Zürich-Irchel can be reached by tram no. 10 (leave at tramstop Irchel, 15 min) or by trams 7 or 14 (leave at tramstop Milchbuck, 10 min). From both stops a five minute walk takes you to the campus.
