SCS CONFERENCES AND SYMPOSIA

YoungSCS x BeNeFri Student Spring Symposium 2024

April 4, 2024, University of Neuchâtel
Local groups of the youngSCS organize events to foster better exchange between students and young PIs. After an amazing first symposium at AMI in Fribourg in 2023, the 2024 event brings us to the University of Neuchâtel.

We encourage students at all levels and postdocs to submit abstracts for oral

presentations.

Invited speakers

Prof. Stefan Vučković, University Fribourg
«Transforming the Applicability of Density Functional Theory Simulations for Complex Molecules»

Prof. Bruno Therrien, University of Neuchâtel
«Biological Applications of Coordination-Driven Self-Assemblies»

Registration deadline is March 31, 2024.

CHanalysis 2024

April 10–12, 2024, Dorint Hotel Blüemlisalp, Beatenberg

The goal of this two-day conference series is to stimulate a stronger interaction among persons working in different areas of analytical sciences. Scientists from applied and fundamental research, from industry, education, and regulation are welcome.

Provisional Program

Wednesday, April 10

- 18.00 Welcome Aperitif
- 18.45 Welcome and Opening by DAS President
Dr. Davide Bleiner, Empa
- 19.00 Dr. Jacob Shelley, Rensselaer Polytechnic Institute
«Use of Acoustic Fields to Gate, Focus, and Separate Ions at Atmospheric Pressure»
- 19.45 Dinner & Get Together

Thursday, April 11

- 09.00 Dr. Christoph Meyer, Lonza
«The Commercialization of Cell and Gene Therapies – a Perspective from the Analytical Quality Control function»

- 09.30 Contributed Talks
- 10.30 Coffee Break
- 11.00 Dr. Hanspeter Andres, METAS
«Chemical and biological references at the Federal Institute of Metrology METAS»
- 11.30 METAS Award lecture 2024:
Dr. Andrea Rösch, Agroscope
- 12.00 Contributed Talks
- 12.30 Lunch Break
- 14.00 Dr. Jens Jacobsen, Waters
«Markers and Methods for the Identification of Recycled Polymeric Materials»
- 14.30 Contributed Talks
- 15.30 Coffee Break
- 16.00 Poster pitches
- 17.30 Poster Session
- 19.00 Dinner & Get Together

Friday, April 12

- 09.00 Dr. Götz Schlotterbeck, Institute of Legal Medicine Basel
«Analytical Chemistry in Forensic Chemistry and Toxicology at the Institute of Legal Medicine Basel (IRM Basel)»
- 09.30 Contributed Talks
- 10.30 Coffee Break
- 11.00 Rok Roškar, Swiss Data Science Center
«Collaborative Data Science at the Swiss Data Science Center»
- 12.30 Lunch Break
- 13.45 Panel Discussion «Analytical Reliability»
- 14.30 Awards and Closing Remarks
- 15.00 End of the Meeting

Registration is closed.

SCS Conference on Stereochemistry (Bürgenstock Conference) 2024

April 28 – May 5, 2024, Brunnen
The ‘SCS Conference on Stereochemistry’, better known as ‘Bürgenstock Conference’, is an outstanding international chemistry meeting of high scientific quality, with an optimal setting for intense inter-disciplinary discussion.

Stereochemistry is the principle underlying our understanding of the processes of life and the properties of matter at the molecular level. It is a key element not only in all chemical disciplines, but also

in modern molecular biology, molecular medicine, biophysics, and material design. Accordingly, the 'Bürgenstock Conference' has grown over the years into a multi-disciplinary conference where frontier science is being discussed. Lectures cover many areas of chemistry and relevant highlights from neighboring disciplines.

The conference is fully booked and no additional registrations can be accepted.

DIAC Annual Meeting 2024 and Visit of Syngenta

May 2, 2024, Syngenta Crop Protection AG Münchwilen

Annual meeting of the Division of Industrial & Applied Chemistry (DIAC) and visit of Syngenta Crop Protection AG in Münchwilen.

Before lunch, we will gain insights into Syngenta's business and conduct the DIAC Annual Meeting 2024.

Lunch will be followed by a tour of the Syngenta plant.

The DIAC Board looks forward to welcoming you on May 2, 2024.

Program

- 09.30 Arrival at Syngenta Münchwilen, welcome coffee
- 10.00 Welcome address by Dr. Andrea Rolf Sting, Head Global Process Technology AI, Syngenta
- 10.05 Syngenta Münchwilen introduction by Sebastien Stössel, site manager Münchwilen, Syngenta
- 10.30 «Sustainable Chemical Process Development at Syngenta»
Dr. Denis Gribkov, Fellow Process Chemistry, Syngenta Crop Protection AG
- 11.30 DIAC Fellowship award ceremony and short award lecture
Dr. Florian Kleinbeck, Novartis Pharma AG
- 11.50 Member Meeting 2024 of the DIAC
- 12.30 Lunch break offered by Syngenta
- 13.45 Plant tour of Syngenta Münchwilen
- 15.15 Closing remarks & farewell

Deadline for registration is April 15, 2024.

Registration is mandatory via web form or by email to info@scg.ch

From Lab to Production – Insights into Process Chemistry 2024/1

May 15, 2024, University of Geneva

The event series with 1-2 events per year at Swiss universities enables students and PhDs to get an insight into process chemistry. Besides teaching the basics, an illustrative example from industry is discussed.

Goals of the event

Understand the challenges in process chemistry and recognize the differences between laboratory work and chemical production.

Get in contact with process chemists from industry and expand its own network.

Program

- 16.15 Welcome
- 16.20 Insights into Process Chemistry
- 16.45 Case study from industry
- 17.15 Aperitif

Registration

No registration is needed and the event is free of charge (sponsored by the SCS Division of Industrial & Applied Chemistry (DIAC)).

Section Chemistry and the Environment (SCE) Young Scientist Event 2024

May 28, 2024, Givaudan Schweiz, Kempththal

The event is for young environmental scientists to learn about job opportunities in chemical and chemical-related private companies.

Goals of the Event

- Hear and discuss challenges for a career in industry
- Experience industry jobs during a site visit
- Get in contact with industry representatives and expand you network.

Program

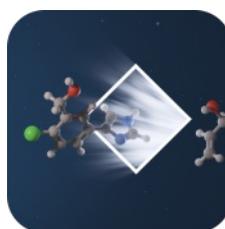

- 09.30 Arrival & registration
- 10.00 Welcome Message by Dr. Agnes Bombrun, Givaudan
- 10.15 Keynote Lecture, Dr. Heike Laue, Givaudan
«Replacing the need for in vivo animal testing - the use of alternative in vitro assays for environmental risk assessment of fragrance chemicals»
- 10.45 Panel discussion: Opportunities and challenges for environmental scientists in chemical industry
Dr. Michael Lüscher (Novartis), Dr. Agnes Bombrun (Givaudan), Dr. Claudio Screpanti (Syngenta);
Moderation: Kathrin Fenner (UZH/Eawag)
- 11.30 Site tour at Kempththal facilities
- 12.30 Lunch break
- 13.30 Round tables: Meet industry representatives to discuss environmental sciences careers/job profiles in chemical industry (i.e., big companies, contractors, start-ups)
- 15.15 Wrap-up

Participation is free of charge. However, registration via the website is mandatory.

Deadline for registration is May 7, 2024.

Registration via web form <https://scg.ch/sce-yse24>

SCS Spring Meeting 2024: «Frontiers in Homogeneous Catalysis»

June 7, 2024, Biozentrum University of Basel

The Swiss Chemical Society Spring Meeting is a one-day symposium and provides a high-quality program with national and international speakers on a certain topic. The topic of the 2024 symposium is «Frontiers in Homogeneous Catalysis».

Homogeneous Catalysis is a cornerstone of modern chemistry, enabling the creation of complex mole-

cules with remarkable control and efficiency. It serves as the silent driving force behind numerous industrial processes and is essential for today's production of fine chemicals and pharmaceuticals that shape our modern world. This meeting aims to spotlight novel developments in the realm of homogeneous catalysis by convening leading experts from this field. They will present their findings on a wide spectrum of subjects, encompassing late-stage functionalization, photocatalysis, and catalytically active oscillators.

Program

09.00	Welcome Coffee
09.20	Opening of the symposium, welcome message by Prof. Konrad Tiefenbacher, University of Basel
09.30	Prof. Karl Anker Jørgensen, Aarhus University «Expanding the Borders of Chemical Reactivity»
10.30	Prof. Ryan Gilmour, University of Münster «Illuminating Stereochemical Challenges via Selective Catalysis: The Swiss Connection»
11.30	Green & Sustainable Chemistry Award Winner 2024: Prof. Rebecca Buller, ZHAW Wädenswil «Engineering protein catalysts for synthetic applications»
12.15	Lunch break
13.00	SCS General Assembly
13.30	Prof. Syuzanna Harutyunyan, University of Groningen «Pulsating catalysis made possible by organo-catalytic oscillator design»
14.30	Prof. Bill Morandi, ETH Zurich «Recent Adventures in Catalysis and Beyond»
15.30	Coffee Break
16.00	Prof. Christina White, University of Illinois «Site-Selective C—H Oxidation for Late-Stage Functionalization» Urbana-Campaign
17.00	Aperitif
18.00	End of the symposium

Contact

Prof. Konrad Tiefenbacher, University of Basel

Registration fees

SCS Members	free
Non-member, Regular Participant	CHF 100
Non-member, Student	CHF 50

Deadline for registration is May 26, 2024.

Website

27th ETH Nanoparticles Conference 2024

June 10–14, 2024, ETH Zurich
The conference serves as an interdisciplinary platform for expert discussions on all aspects of nanoparticles, freshly emitted from various sources, transformed in ambient air, distributed on local and global scale, on technical mitigation aspects, particle legislation, and impact of particles on health, environment, and climate.

Registration fees

Regular four-day pass	CHF 400
Students four-day pass	CHF 300
Retired four-day pass	CHF 100
single day participation	CHF 125

Registration deadline is May 19, 2024.

SCS Seminar on Flow Chemistry 2024

June 13–14, 2024, Villars-sur-Glâne
The SCS Seminars are three-days education seminars that focus on topics that are relevant for the Swiss chemical and pharmaceutical industry. The event targets PhD students, Postdocs as well as junior scientists from industry and will be led by senior scientists and designated experts from academia and industry.

Program

Thu, June 13

10.00	Welcome and opening of the seminar Dr. Claudio Battilocchio, Chair Swiss FlowChem
10.30	Lecture 1: Flow chemistry use case I Dr. Dominique M. Roberge, Lonza AG
11.20	Lecture 2: Flow chemistry use case II Prof. Gianvito Vilé, Politecnico di Milano
12.15	Lunch break
13.30	Workshop 1: Grignard Reaction - from Batch to Flow Dr. Marc-André Müller, Solvias AG
14.30	Coffee break
14.45	Workshop 2: Application of PAT in Flow Chemistry Prof. Roger Marti, HEIA-FR, Dr. Claudio Battilocchio, Syngenta and all lecturers
16.00	Visit HEIA-FR / ChemTech (pilot plant & flow lab) Host Prof. Roger Marti, HEIA-FR
18.30	Poster session & aperitif
12.00	Symposium dinner

Fri, June 14

08.00	Lecture 3: New Trends in FlowChem: Mechanochem Dr. Duncan L. Browne, University College London
08.50	Lecture 4: New Trends in FlowChem II: Flow Application in MedChem Prof. Antimo Gioiello, Università degli Studi di Perugia
09.45	Coffee break
10.15	Workshop 3: Supplier Talks New Tools and Approaches from our Suppliers
11.15	Workshop 4: Flow Chemistry Hands-on
12.15	Lunch break
13.30	Lecture 5: Industry Lecture on Sustainability Dr. Benjamin Martin, Novartis Pharma AG
14.30	Lecture 6: Flow Chemistry & Automation – Scaling up processes Dr. Jean-Philippe Krieger, Syngenta Crop Protection
15.30	Closure and conclusion
16.00	End of the seminar

Registration fees (incl. accommodation)

Regular SCS Member	CHF 550
Student SCS Member	CHF 400
Non-member, Regular Participant	CHF 650
Non-member, Student	CHF 550

Registration deadline is May 12, 2024 (the number of participants is limited to 30)

Bern Symposium on Radical Chemistry 2024

June 27–28, 2024, University of Bern
 Radical chemistry has a long and successful history in Switzerland with prominent scientists, such as Rolf Schef-fold, Hanns Fischer, and Bernd Giese, who have largely contributed to the development and the success of radical chemistry. The spectacular development in this field over the last two decades has

prompted us to organize a biannual symposium to regularly highlight the latest advances in the domain. The symposium is intended for participants from both academia and industry.

The 1st Bern-SRC will have an exciting scientific programme that include 5 plenary lectures, 13 invited lectures and 1 poster session with world-leading speakers focused on modern aspects of synthetic organic chemistry using free radicals.

We hope this congress will be the 1st in a series that will offer all attendees and participants the opportunity to listen to and interact with some of the most creative researchers working in the field of radical chemistry. Moreover, Philippe Renaud's retirement coincides with this event, making it a unique opportunity to celebrate.

Program

Thursday, June 27

09.00	Welcome message by Dr. Fabrice Dénès, University of Bern
09.00	Prof. Derek Pratt, University of Ottawa
09.45	Dr. Cyrill Ollivier, Sorbonne-Université
10.10	Prof. Chaozhong Li, Shanghai Institute of Organic Chemistry
10.35	Coffee break and poster session
11.15	Prof. Ilhyong Ryu, Osaka Metropolitan University / NWCU Hsinchu
11.40	Prof. John Murphy, University of Strathclyde
12.05	Prof. Laurence Feray, Aix-Marseille Université
12.30	Lunch
14.00	Prof. Franziska Schönebeck, RWTH Aachen
14.45	Prof. Dmitry Katayev, University of Bern
15.10	Dr. Emmanuel Lacôte, Université Claude Bernard Lyon 1
15.35	Coffee break and poster session
16.25	Prof. Bernd Giese, University of Fribourg
16.50	Prof. Samir Zard, École Polytechnique Palaiseau
17.15	Paracelsus Prize Winner 2024
	Prof. Armido Studer, University of Münster
18.00	End of day 1

Friday, June 28

09.00	Prof. Jieping Zhu, EPF Lausanne
09.45	Prof. Shunsuke Chiba, Nanyang Technological University
10.10	Prof. Yannick Landais, University of Bordeaux
10.35	Coffee break
10.50	Prof. Hongli Bao, Fujian Institute of Research on the Structure of Matter
11.15	Prof. Hideki Yorimitsu, Kyoto University
11.40	Prof. Cristina Nevado, University of Zurich
12.05	Prof. David J. Procter, University of Manchester
12.50	Closing remarks and end of the symposium

Registration fees

Regular Non-member	CHF 200
Regular SCS Member	CHF 150
Student	CHF 50

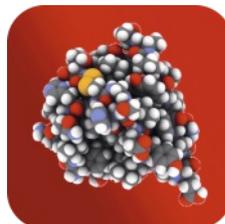

Deadline for abstract submission is April 28, 2024.

Peptide Therapeutics Forum 2024

August 22–23, 2024, Biozentrum, University of Basel

Similar to previous events in the framework of Basel Life, presentations highlight important new insights regarding the drug discovery of peptides including examples for successful development candidates. The forum disseminates information on latest news in the broad

field of therapeutic peptides and enables networking of interested parties from academia and industries.

Program

Thursday, August 22

09.00	Welcome coffee, exhibition, networking
09.45	Conference Opening and Welcome Message
10.00	Prof. Christian Heinis, EPF Lausanne
10.30	Dr. Peter Timmermann, Biosynth
11.00	Coffee break
11.30	Dr. Olof Ericson, Antaros Tracer
12.30	Dr. Aurelién Bigot, Syngenta
13.00	Lunch break
14.20	4 Contributed talks à 10min
15.00	Dr. Nicole Biber, Bayer
15.30	Coffee break
16.00	Dr. Christina Schröder, Gentech
16.30	Dr. Florence Brunel, Novo Nordisk
17.00	Poster session & aperitif
18.00	End of day 1

Friday, August 23

08.45	Morning coffee, exhibition, networking
09.30	Prof. Hans-Dieter Arndt, University of Jena
10.00	Prof. Mertixell Texeido, Gate2Brain
10.30	Coffee break
11.00	Prof. Roderich Süßmuth, TU Berlin
12.00	4 Contributed talks à 15min

13.00	Lunch break
14.30	Dr. Patrizio Mattei, Roche
15.00	Dr. Sivanewary Genapathy, Astra Zeneca
15.30	Coffee break
16.00	Prof. César de la Fuente, University of Pennsylvania
16.30	Bester poster & oral presentation award ceremony
16.50	Closing remarks and end of the symposium
17.00	End of the conference

Registration fees

Regular Non-member	CHF	200
Regular SCS Member	CHF	150
Student	CHF	50

Deadlines

21.04.2024 abstract submission for contributed talks
23.06.2024 abstract submission for posters

Swiss Summer School on Chemical Biology 2024

August 25–29, 2024, Bergün
The Swiss Summer Schools are multi-day out-of-town courses for students (MSc, PhD & post-doc level) and senior researchers with a strong interest in the fields of chemical biology or organic synthesis. They offer a great platform for the exchange with experts and peers from academia and industry in a wonderful

Alpine environment. The students are welcome to actively involve themselves in the program by presenting a poster or a short communication.

Teaching Body

Prof. Dirk Trauner, University of Pennsylvania, USA
Prof. Anna Mapp, University of Michigan, USA
Prof. Brian Paegel, University of California, Irvine, USA
Prof. Ben Schumann, Imperial College London, UK
Prof. Stefan Arnold, King Abdullah University of Science and Technology, KAUST, SA
Dr. Guido Koch, Amphelix, SynpleChem, eMolecules, CH

SCS-members

Student Participant (MSc, PhD)	CHF	780
Regular Participant	CHF	980

Non-SCS members

Student Participant (MSc, PhD)	CHF	930
Regular Participant	CHF	1130

Deadlines

30.06.2024 Registration deadline
22.07.2024 Notification of acceptance

SCS Fall Meeting 2024

September 5, 2024, University of Fribourg

The SCS Fall Meeting is the major regularly organized event of the Swiss Chemical Society and one of the largest annual research conferences in Switzerland. For decades, the SCS Fall Meeting has been a great platform for senior scientists to showcase their current research results as well as for young chemists to present their research, often for the first time ever at a major conference. Be inspired by the people you will meet there and be part as one of the 1'000+ participants.

Program Highlights

- Two plenary sessions with lectures of four SCS prize winners 2024
- Nine thematic parallel sessions with keynote lectures and 15min PhD presentations
- Poster Session during the Lunch Break
- Best oral and best poster presentation award ceremony
- Commercial Exhibition

Topics of the Parallel Sessions

- Analytical Sciences
- Catalysis Science & Engineering
- Computational Chemistry
- Chemistry and the Environment
- Inorganic & Coordination Chemistry
- Medicinal Chemistry & Chemical Biology
- Organic Chemistry
- Physical Chemistry
- Materials Chemistry

Plenary Speakers

- Werner Prize Winner 2024:
Prof. Athina Anastasaki, ETH Zurich
- Sandmeyer Award Winners 2024:
The Eawag team «Advanced wastewater treatment»
- Green & Sustainable Chemistry Award Winner 2023:
Prof. Ali Coskun, University of Fribourg
- Senior Industrial Science Award Winner 2024:
Dr. Rosa Maria Rodriguez Sarmiento, Roche

Organizing Committee

Prof. Ali Coskun, University of Fribourg
Prof. Christian Bochet, University of Fribourg
Maja Ivanovic, University of Fribourg

Registration Fees

SCS-members		
Presenting a talk or a poster		free of charge
Non-SCS members		
Presenting a talk or a poster	CHF	250
Regular Participant	CHF	100

Deadlines

26.05.2024 Abstract submission deadline
24.06.2024 Notice of acceptance to contributors
08.07.2024 Publication of full program on the website
18.08.2024 Deadline for registration with invoice payment
25.08.2024 Deadline for registration (online payment)

Ilmac Lausanne 2024

September 18–19, 2024, Expo Beaulieu Lausanne
Ilmac has its origins in the Swiss trade fair for international laboratory, measurement technology and automation in chemistry, which has been taking place since 1959. Today, the chemical and life science brand connects the industry both physically and digitally.

With the performance promise "Inspiring the Future of Chemistry and Life Sciences", it encourages the development of new ideas and solutions and presents trends and innovations by research and industry in important locations such as Basel and Lausanne.

SCS, as the initial founder of the fair, is partnering with Messe Schweiz and coordinates the collaboration with society partners and the Universities of Applied Sciences. The SCS is official organizer of the first day of the Ilmac Conference 2024 on September 18, 2024.

Registration is mandatory. With the SCS PrioCode (available as of April 2024) you can get your ticket for free. Please register then via the <https://ilmac.ch> website.

Swiss Chemistry Science Night 2024

September 20, 2024, Casino Bern
The Swiss Chemistry Science Night was launched in 2021 to honor and celebrate the winners of the Swiss Chemical Society's award programs in front of distinguished representatives from industry, academia and politics. It is a celebration of discoveries and innovations in the chemical sciences and provides a net-

working platform for members from industry and academia.

Attendance is by invitation only. If you would like to attend this vibrant gala evening, please contact info@scg.ch to inquire about opportunities to participate.

NON-SCS CONFERENCES IN SWITZERLAND, SCS SUPPORTED EVENTS ABROAD AND ONLINE EVENTS

Swiss Biotech Day 2024

April 22–23, 2024, Congress Center Basel

In 2024, the Swiss Biotech Day will again offer high-level experts from the life sciences industry the space and the time (one and a half days) to network, discuss and discover trends in R&D, manufacturing, data management, artificial intelligence and innovative financing. International biotech delegations can visit the "Global Village" to strengthen their ties with Switzerland as a biotech hub and promote cross-border investments, public-private partnerships, research and development collaborations and exchange of talent.

Website: <https://swissbiotechday.ch/>

86th LCA Discussion Forum: Safe- and Sustainable-by-Design

April 25, 2024, ETH Zurich

The forum overall provides participants an in-depth understanding of SSbD and what the role of LCA is, enabling meaningful discussions and fostering further development.

Website: <https://lca-forum.ch>

15th Wädenswil Day of Life Sciences 2024

June 6, 2024, ZHAW Campus Grütental

With the second edition of our symposium "Competencies in Drug Discovery" we would like to further strengthen the refreshing exchange between the disciplines involved in drug discovery. The discovery and development of new drugs of medical importance requires the interaction of biological, chemical, and medical expertise. It is precisely this target group that we are addressing with this year's symposium at our Competence Center for Drug Discovery. Speakers from industry and universities will provide first-hand, interdisciplinary insights into new therapeutic approaches for various indications and the resulting potential for drug development. Exhibitors will also promote their latest products and a poster session will allow for informal exchange. Both experienced scientists and young researchers will benefit from the wide range of activities at this one-day symposium.

Website: <https://zhaw.ch>

1st Swiss Workshop on CO₂ Electrolysis 2024

June 6, 2024, Paul Scherrer Institute (PSI)

This workshop aims to gather international experts on CO₂ electrolysis and allow them to share their latest research and development. Participants are welcome and encouraged to share their work in the form of a 15-20 min talk or an A0 poster.

Deadline for abstract submission: 26.04.2024

Website: <https://indico.psi.ch/event/15340/overview>

Pigmente und Farbstoffe – Geschichte, Herstellung, Chemie, Kunst 2024

June 11, 2024, Irchel Campus, University of Zurich

Weiterbildung für Lehrerinnen und Lehrer an Maturitätsschulen (UZH Weiterbildung)

Was macht Farben farbig? Eine Frage mit mehreren Antworten. Diese Weiterbildung befasst sich mit verschiedenen Arten der Wechselwirkung von Licht und Materie am Beispiel verschiedener Farbstoffe und Oberflächen. Ganz nach dem Motto «Was man nicht bauen kann, hat man noch nicht verstanden», synthetisieren wir verschiedene Farbstoffe gleich selbst – mineralische und molekulare, durch Fällung, durch Erhitzen auf 1000 °C und durch organische Synthese. Eine Reise durch die Geschichte grosser Farbstoffe von Ägyptisch Blau zu Schweinfurter Grün und eine Einführung in die Analyse von Gemälden setzen den Kurs in einen gesellschaftlichen Rahmen.

Website: <https://www.weiterbildung.uzh.ch/de/wbmat.html>

9th EuChemS Chemistry Congress 2024

July 7–11, 2024, Convention Center Dublin

The EuChemS Congresses are noted for their excellent scientific level, and have a reputation for giving all the attendees and participants the opportunity to listen to and interact with some of the most celebrated researchers in the world.

Website: <https://euchems2024.org>

Zentralkurs Chemie 2024

October 9-11, 2024,

Dreitägige Ausbildungsveranstaltung für Lehrpersonen an Gymnasien und Kantonsschulen mit Vorträgen, Workshops und Exkursionen. Der Anlass wird vom VSN alle zwei Jahre organisiert.

SCS LECTURESHIP AWARDS

Prof. Kyoko Nozaki, The University of Tokyo, Japan
Research fields: new reactions mediated by homogeneous catalysis for organic and polymer synthesis

Tour dates:

Mon, Oct 14: ETH Zurich

Tue, Oct 15: University of Zurich

Wed, Oct 16: University of Fribourg

Thu, Oct 17: University of Bern

Fri, Oct 18: University of Geneva

Tour organizer: Prof. Jérôme Lacour, University of Geneva
